MANDURAH

PLEIN AIR

ARTISTS

PLUS INC.

“en plein air” is a French expression which means “in the open air” and is particularly used to describe the act of painting outdoors.

a point of difference

As a historical reference, some plein air artworks are provided with their GPS coordinates.

Landscapes and buildings change over time and these coordinates allow the viewer to stand in the same place as the painting was created.

meetings

Meetings are held quarterly, with details posted on our Facebook page.

Guests are welcome to see what we are planning with upcoming exhibitions, workshops and painting trips.
